

***Flying Operations***

***MINI OPERATIONAL DATA CARD***

**COMPLIANCE WITH THIS PUBLICATION IS MANDATORY**

OPR: 919 OG/OGV  
( MSgt Paul K. Doman)  
Supersedes 919 SOWI 11-202, 3 December 97

Certified by: 919 OG/CC  
(Richard W. Champion)  
Pages: 1  
Distribution:F;X;AFSOC/DO

This instruction establishes the requirement and defines the procedures for use of the 919 SOW Form 8, **Mini Takeoff and Landing Data (TOLD) Card**, by units assigned to the 919 SOW. It implements AFD 11-2, *Flight Rules and Procedures* and AFSOCI 11-202, Volume 3, *Flight Engineer Procedures and Forms*.

***SUMMARY OF REVISIONS***

This revision changes the form AFSOC Form 130A to read AF Form 4120.

**\*1. USE OF THE 919 SOW FORM 8.** This form is optional for all flight engineers assigned to the 919 SOW.

**\*2. PROCEDURES FOR USE.** Flight Engineers will transcribe the data verbatim from AF Form 4120 to the Mini Operational Data Card, one each. The mini operational card will then be posted in front of the pilot and co-pilot. The card is reusable throughout the flight.

**3. FORMS PRESCRIBED.** 919 SOW Form 8, **Mini Operational Data Card**.

THOMAS M. STOGSDILL, Brig Gen, USAFR
